Position:	Email:
Justification:	
<b>Reviewer 3</b>	
Name:	
Institutional Affiliation:	
Position:	Email:
Justification:	

### **Section IV: Declaration**

Please check (✓) the appropriate box.

I/we have read the Publication Ethics and Malpractice Statement of <i>Education Journal</i> .	
I/we have only submitted this article to <i>Education Journal</i> and not to other journals at the same time. It has not been published anywhere else.	
The manuscript submitted adopts APA (American Psychological Association) format (7th ed., 2020).	
The manuscript submitted is within the word limits required by <i>Education Journal</i> . (Not more than 15,000 words for Chinese manuscripts, not more than 9,000 words for English manuscripts; abstracts, main text, tables & figures, references and appendices are all counted in.)	
Tables and figures are attached at the end of the manuscript and cross-referenced in the text. Their appropriate positions in the manuscript are indicated.	
All tables are inputted as editable text — in other words, not presented as images.	

The manuscript is submitted for a special issue of <i>Education Journal</i> . (The title of the special issue is _____ )	
The author(s) of the manuscript submitted include member(s) of the Editorial Board/ Review Board / Advisory Board of <i>Education Journal</i> . (Name: _____ )	
The manuscript submitted has used generative AI / AI-assisted technologies in the writing process.	
<p>The manuscript has complied with the following guidelines concerning the application of generative AI / AI-assisted technologies.</p> <ul style="list-style-type: none"> <li>• Generative AI / AI-assisted technologies should only be utilized in the writing process for editing purposes such as enhancing clarity and refining language of the manuscript.</li> <li>• The application of generative AI / AI-assisted technologies must be under human oversight and control, and the author(s) should carefully review and edit the result. Author(s) bears the ultimate responsibility and accountability for the contents of the manuscript.</li> <li>• Author(s) must refrain from listing or citing generative AI / AI-assisted technologies as authors or co-authors since authorship entails responsibilities and tasks that can solely be attributed to and executed by human beings.</li> </ul>
